

The ten candidates standing for The Peace Party are:

**John Morris** spent all his working life in education. He is a very active President of the Peace Party and a convinced pacifist. As a father and grandfather, he works with determination for a caring world free from war.

**Geoff Pay** is a founder member of The Peace Party and believes that the only true way of life is the peaceful way. He is against all wars and advocates the use of “Jaw before War” at all times.

**Jim Duggan** has been actively involved in the politics of peace for many years both in Ireland and in Horsham where he now lives. He is very concerned to involve young people in politics, engaging them through music.

**Julie Roxburgh** became active in the animal welfare movement in the 1980s. She believes that the planet must return to a balanced state by all peoples becoming aware of their actions. The Peace Party is the way forward.

**Keith Scott** lives in Woking and works as a librarian in London. He is concerned about the position of refugees in today’s society and about the threat to society of climate change. He is a Quaker and member of Amnesty.

**Shafaq Iqbal** is an enthusiastic member of The Peace Party and supporter of all that it does and stands for. He was born in the UK and is a director of various companies.

**Jenny Watson** lives in the Netherlands, moving there from Indonesia in the 1960s. Her main goal is to make people more aware of the possibility that we are able to make a peaceful world together.

**Marcus Trower** is 20 years old and now lives in Guildford. He is an active member of socialist and anti-capitalist organisations. He campaigns on environmental, human rights and peace issues.

**Jeff Bolam** has been passionately committed to the ideals inherent in peaceful co-existence from a very early age; he fervently believes that there are always ways to solve disputes using non-violent means.

**David Brown** looks after and maintains The Peace Party Website alongside his work establishing and running websites for his clients. He is a dedicated peace maker.

**These are the values of the Peace Party and its supporters.**

The Peace Party's manifesto for the European Parliamentary Elections is based on the following fifteen points:

1. The Peace Party values and respects all life: people are to be trained in techniques of non-violence so that conflicts can be resolved without resorting to the immorality and inhumanity of war.
2. The European Union was born out of a burning desire for peace. The Peace Party stands 100% for peace. Military expenditure in the Union must reach zero as soon as possible.
3. The UK is to transform into a neutral, non-military state within a neutral, NATO-free EU.
4. Emergency and disaster task units to replace the military as soon as possible.
5. Adopt the Euro in the UK.
6. Encourage co-operative enterprises where all have a voice in running them and where control is totally in the hands of those working in them. They will replace the dictatorship of corporate business.
7. Reform the elected European Parliament and reduce the power of the unelected Commission and Council of Ministers.
8. Zero carbon emissions by 2050. The EU to achieve 50% cuts by 2020 using all available technologies.

9. Protect the poorest countries by opening EU markets and increasing support up to 0.7% of the wealth of each country.
10. Cut the debts of the poorer countries of the world to zero.
11. Abolish prescription charges.
12. Abolish fees in education for the over-18s.
13. Free, professional and compassionate personal and nursing care within the community.
14. Full employment. Provision of high quality training and apprenticeships. Guaranteed minimum income for all. A maximum income to be set with all earnings above that level used for the most needy.
15. Reform the UN to represent all peoples, rather than the governments, of the world.

**War is destructive to humanity and a morally unacceptable way to resolve conflict. Killing people must never play a part in government policy. It is time to break the cycle of wars and to move beyond the use of physical and other more subtle forms of violence.**

**The Peace Party is a secular political group. It welcomes people of all religions and of none.**

**Peace Party members elected to Parliaments have agreed to accept only the equivalent of the national average wage for skilled workers, plus actual travel and subsistence expenses incurred.**
